

The Best Part about our Parts and Services Group: **The Feeling of Confidence**

- People:** We are **21 members** strong.
- Experience:** We have **300 years** of equipment expertise between us.
- Products:** We cover **54 products** with units still in operation from as early as 1970.
- Location:** We have **2 locations** - Vernon Hills, IL, and Ft. Lauderdale, FL - and inventory a vast number of components for fast turnaround.
- Services:** **There are numerous ways we can assist you:**
- **Identifying Correct Parts** - Access to original engineering documents for accurate parts identification.
 - **One-Stop Solution** - Quoting and providing replacement components with customer-specific engineered drawings and OEM parts.
 - **Installation Services** – Whether it requires one man or a team, we have dedicated professionals to help you every step of the way.
 - **Service Maintenance Programs** - We are committed to helping you with the operation and maintenance of your water treatment plant in a friendly, professional manner.
 - **Rebuild and Retrofit Equipment** - Performed onsite or at our factory to prolong the equipment life and provide upgrades for improved operation.
 - **Equipment Inspections** - Assessment of the equipment's overall performance and the current maintenance practices followed by recommendations to help prevent downtime.
 - **Operator Training** – Retiring workforce? We can help train new plant maintenance personnel.
